EDUCATION QUALIFICATIONS

BSc(Hons) in Information Technology
SLIIT - 3rd year completed

February 2023 – November 2026 (Expected)

GCE A/L Examination (Commerce Stream) - 3C Passes
Holy/Angles Girl's College - Kuliyapitiya

GCE O/L Examination - 5A 2B 2C Passes
Holy/Angles Girl's College - Kuliyapitiya

AREAS OF EXPERTISE

Languages

Java Javascript Typescript
C# C++ C Python

Web Technologies

HTML Bootstrap
CSS Tailwind CSS

Frameworks & Libraries

React Node.js
Express.js Selenium

Development Tools & IDEs

VS Code Visual Studio
IntelliJ IDEA Eclipse
Postman Insomnia
Jupyter Notebook

DevOps & Version Control

Git GitHub

Data Visualization & Analytics

Power BI

Database Technologies

MYSQL Mongo DB
Oracle SQL

ADDITIONAL INFORMATION

Certifications

- Microsoft Certified : Azure Fundamentals (AZ-900)
- Microsoft Certified : Azure Data Fundamentals (DP-900)
- Artificial Intelligence Engineer Course at SLIIT(Stage 1 and 2)
- Postman API Fundamentals Student Expert Certification
- Agile Project Management Course on Alison
- Python for Beginners course at University of Moratuwa
- Microsoft Student Champs – Earned 5+ certificates from workshops conducted by Microsoft Learn Student Ambassadors, Sri Lanka
- AZ 104 - Azure Administrator (Following)

Softskills

- Proactive learner
- Excellent problem solver
- Team-oriented
- Leadership Skills
- Time management Skills

Extra Curricular Activities

- Member of Leo Club in SLIIT
- Member of School Prefect Board

PROJECTS

- **AI-Powered Full-Stack Blog App**

  Developed an AI-powered blog platform using MERN,integrating Google Gemini API for content generation and ImageKit for media optimization with secure JWT authentication,responsive React UI and scalable backend tested via Postman and containerized with Docker.

- **Real Estate Management System**

  Developed a full-stack Real Estate Management System with Property,Customer and Transaction Management, integrated AI-powered chatbot and implemented secure RESTful APIs using Node.js, Express and TypeScript. Built a responsive React frontend with Tailwind CSS and tested backend endpoints using Jest and Postman.

- **Skill Sharing and Learning Platform**

  Designed and implemented a collaborative coding skill-sharing platform featuring authentication,coding post management,structured learning plans and progress tracking,using Spring Boot for the backend and React.js for the frontend.Utilized MongoDB for data storage and built RESTful APIs for efficient communication.

- **Railway Reservation System**

  Developed a Railway Reservation System web application to enhance booking efficiency and improve user experience using Java, HTML, CSS and MVC architecture with MySQL as the database.

- **Weather Forecast app**

  Developed a responsive weather forecast website providing real-time updates, hourly and daily forecasts and city search functionality using React.js and Tailwind CSS.
